

SEMI-MONTHLY REPORT

I. Work Completed During the Period

Cities Project

(1) The work of the Programs Division as an active coordinator of the Cities Project was terminated when the Staff Intelligence Group took over the responsibility for this phase. The Division will continue, however, to make sure that SO's interests are adequately considered in the execution of the project.

External Research Committee

(2) The Assistant Director's Sub-Committee on External Research appears to have held its last meeting, not because of agreement, but because of the irreconcilability of the views of one of the members.

II. Projects in Process

(1) International Communism

The Sub-committee of the "Jigsaw" committee is making satisfactory progress in drafting an inter-departmental program for the production of intelligence on international communism. A large portion of the work, however, is falling on the Programs Division member of the committee.

(2) Programing

Considerable progress was made in guiding the work of various components of ORE in establishing Intelligence Production Requirements. Especially good progress has been made with B/IE, B/LA, G/IO.

(3) Reorganization of files

The files of finished intelligence was reorganized and an indexing system established incorporating an index of Current Intelligence formerly maintained by G/CI. There is urgent need for steady clerical assistance,

however, if the system is to be maintained satisfactorily.

(4) Orientation:

25X1A9a

The orientation of [REDACTED] has proceeded at a rapid pace and ~~has~~ ^{he} has formulated a number of excellent ideas for the future orientation of new personnel.
